Fourteenth Air Force B-24s flew many different missions, but dogfighting with enemy heavies, four-engine bombers, was not part of their usual repertoire.

Most of us think of Maj. Gen. Claire L. Chennault's Fourteenth Air Force as a fighter outfit with shark-nosed P-40s and P-51s. Less well remembered are the Flying Tiger bombers. In January 1944, Chennault had about 40 B-25s and fewer than 50 four-engine B-24 strategic bombers, the latter belonging to the 308th Bomb Group. There were no strategic targets in China comparable to the great industrial centers of Germany, and those in Japan were beyond the range of the B-24s.

How, then, were the B-24s used? Japan depended on external sources of raw materials, and Japanese armies in China were dependent on the home islands for military supplies. The "strategic" 308th therefore operated largely against interdiction targets: port facilities from Rangoon to Formosa, military depots in China, and traffic on the open seas and the Yangtze River. Many of these targets were beyond the range of Fourteenth Air Force fighters. Those missions were flown deep in enemy territory without escort.

Rarely was the 308th able to put up more than 20 B-24s for a mission. This was not entirely a result of combat attrition. The group also had another demanding mission: flying in its own fuel and other supplies over the Hump from India.

In its first eight months of operations beginning in April 1943, the 308th flew 1,331 round trips over the Hump. The extreme altitude required to cross the Himalayas, lack of navigation aids, unpredictable violent weather, and the relative inexperience of many crews all took their toll. By August 1944, 550 aircraft--transports and bombers--had gone down between Chabua, India, and Kunming, China. Each Hump trip counted as a combat mission--with good reason.

During the early months of bombing operations, the 308th generally attacked from an altitude of 16,000 feet or higher. With some exceptions, results were not good. In January 1944, the group's first priority shifted to low-level sea searches to find and destroy Japanese ships. Some of these searches extended as far away as the Philippines.

One of the most unusual coastal searches was flown by Lt. Glenn McConnell, who arrived in China in the fall of 1943. Assigned to the 308th Group, he flew 23 Hump missions. He liked the excitement and challenge of those flights. By March 1944, he had logged 250 combat hours.

Now an experienced and highly competent pilot, he was given command of a B-24 named Sweepy Time Gal, locally modified for low-altitude attacks on shipping. The bomber's lower turret had been removed. Two fixed .50-caliber nose guns were added, fired by a trigger on the control column. A new position for a radar operator was installed on the flight deck. For surprise and bombing accuracy, sea sweeps typically were flown at 200 feet.

On a March 19 sweep, the crew of this modified B-24 sighted a four-engine "Mavis" flying boat. McConnell turned in to the Mavis and opened up with all his forward-firing guns. The enemy pilot, no doubt shaken by this display of awesome and accurate fire, ducked into an overcast trailing smoke and may or may not have made it home.
An hour later, a second Mavis appeared, headed directly for Sweepy Time Gal. The enemy plane went into a violent turn. McConnell followed under its left wing. All guns that could bear on the Mavis fired, scoring many hits at close range. The enemy gunners, firing back, wounded McConnell—who would have been killed had he not been leaning forward for a better view of the action—and two other crew members before the flying boat caught fire and plunged into the sea. Thus, ended the only known dogfight between four-engine aircraft. With no hydraulic pressure for gear or brakes, the wounded McConnell landed his B-24 safely at Kweilin with photographs of the downed Mavis.

A month later, McConnell's B-24 was critically damaged by three "Oscars" while 100 feet above the water. The B-24, its two right engines on fire with both props refusing to feather, went in, cartwheeled, and broke up. Several crew members got out of the wreckage, only to be strafed by the enemy fighters. All but two were killed in the water. McConnell escaped by shedding his Mae West and diving under the waves each time the Oscars began firing. He and wounded radio operator SSgt. Tony Spadafora were picked up by a Japanese ship and spent the rest of the war as POWs in several prisons, the last in Tokyo. They survived US firebombing of that city.

Glenn McConnell stayed in the Air Force after the war, flying B-29s, B-47s, and B-52s in Strategic Air Command. He retired as a colonel, probably the only four-engine "fighter pilot" of World War II, or any other war, to shoot down an enemy heavy in a dogfight.
Chapter One; Finding Each Other

In a dream induced by the sleep deprivation common to international long-haul pilots Field McConnell was reliving a scene from Book 3, LEMON SQUEEZE. The two limos passed a young girl with a Poodle skirt which was a signal to the driver of the first limo, Vanilla Gorilla, as he alone had read the SMEAC-A Briefing Guide of Operation LEMON SQUEEZE which had been initiated on 15 June, 1990, which is the birthday of the owner of Field’s favorite watering hole in Plum City, a mysterious man who likes chain saws, cucumbers, and being called ‘the Captain’. Field was well aware that Laureen Harper, the lesbian married to the gay premier of Canada, Stephen Harper had a relationship to CHAIN SAWS just as Theresa May, the soon to be X-Prime Minister of UK, who replaced Pig Fucker Dave had a relationship with cucumbers…. especially Straight Eight cucumbers with SPEED BUMPS. To be clear, Plum City’s Captain did not like cucumbers in the way that Theresa May obviously does. As Field’s dream was interrupted by an alarm clock which was playing the song MAKE IT WITH YOU by the Pozo Seco singers, there was no way of knowing that by the end of this day, 19 January, 2015 he would meet a lovely lady he would end up marrying on ‘the Captain’s’ birthday on June 15th, 2016. As he shut off the alarm and went to brush his teeth and prepare for his normal radio show by finishing the show ad he could not have known that three Brits in the chatroom, Doug, Antony and Denise would be offering him a ride from London’s Heathrow airport to Telford UK on the 27 of February 2015. But then there were a lot of things Field McConnell didn’t know. One thing he didn’t know was the relationship between his own father, child actor Mickey Rooney and an Agent named FRENCH CHAMPAGNE who understood the code MR.

He voided his bladder, considered flushing and then thought better of it as he recalled the motto of the Bechel family; if it’s yellow, let it mellow. Turning to his left and going downstairs to his office he heard the Hawaii 5-0 ringtone of his cell phone which signaled an incoming call from his flip phone 218-329-xxxx.

He tried to answer but realized it was an incoming email which read: “Field, following is a recap of the conversation held with LA LADY and myself regarding the thoughts she and I had for Chapter 13, of In The Field of Honor. We both felt the final chapter should be used to invite the reader to experience the Divine Love of our Savior Jesus Christ which is available to all of us 24/7 if we only ask for it. She sent you the book, Jesus Calling just last month as a Christmas present and you have read it each day since. We feel Jesus Calling was a special tool sent and used at the appropriate time in your walk, Field, with Jesus and his mission for you to expose evil in accordance with Ephesians 5:11 which he assigned to you at 1535 CDT on Monday, 4 December 2006. Perhaps you can expound on that thought as you wish.

You have mentioned often your desire to minister to vets, patriots and hurting souls of the love Jesus has for one and all, when your mission at AD is completed of at the point where you and your intel partner are separated by divergent life goals or by outsiders with evil intent such as Kristine Marcy or Karen Hudish. Susan and I thought you could use Chapter 13 for that purpose. Susan’s thoughts were that you, Field, answered the call back some 9 years ago and you may well be the perfect person to invite others to do the same with the knowledge that God will supply all that is necessary (tools) to accomplish the mission. Susan and I are aware that your manuscript, IN THE FIELD OF HONOR, will not be published until such time as The Age of Aquarius is neigh and in an administration fronted by someone other than a donkey, an elephant or worse yet a homosexual mulatto erect primate male prostitute graduate of Punahou School.
Field, please think and pray on this so that you will be ready on the day that will come. God speed, FREEPORT GIRL.”

Field sat down to write the radio show ad for the day, when he was distracted by a seductive photo of a brainless female dolt with round heels. He pictured Hillary Clinton which almost made him toss his cookies, so he put Thunder Thighs out of his mind skipped over Kristine Marcy and pictured the third ugliest woman traitor he knew. As his mind gazed upon a ugly Servant of Satan traitor. He put this wench in the same kettle of fish as a 3rd generation traitor John Lumpjaw McCain and his bloviating statements since 20 July 1967. As the image of Debbie Wassercrotch faded, he heard another email come in, this time sent by Agent SAUSA who previously worked for Jeff Immelt at GE at the time he began a part time job as an inside snitch at McConnell International and he was assigned an agent name of SausaGE but female agents were always aroused by the word sausage so he agreed to delete the GE from his code name just as Field McConnell would delete Jeff Immelt from his position at GE where he had helped those on the FBCA conduct the conversion of Amalgum Virgo 01 from a WAR GAME written by Francis Charles “Chic” Burlingame to a live attack on the US by Canadian proxies handled by UK, Vatican Jesuits, Serco, United States Senior Executive Service and the CBOM asswipes.

It appeared to be a truncated message, so Field signed into MicroSoft Word to continue writing content for radio show ad.

Field had just gotten Debbie Rottencrotch off his mind when an additional incoming email was signaled by his very boss and groovy ringtone Hawaii 5-0. He looked at his ten-dollar Walmart and noted the time, 1124, and he thought of the million selling song NO TIME by the Guess Who who were from Winnipeg and were originally called Chad Allen and the Expressions whose fantastic lead singer Burton Cummings had inspired Field the Marine to do just that with his song STAND TALL suggested, the song was released in 1976 the same year when Field realized the United States Navy was a corporation just like Northern
Trust, ABA, IRS and [redacted], capeche? Which allowed him to watch for treasonous acts of people from Arkansas and other shitholes. Hey GHWB….can you feel me?

“Field, below is a quick summary from General Malaise and I quote verbatim: The global surveillance grid includes embedded chips in planes, trains, maritime vessels and automobile as well as several other devices capable of mass murder for benefit of CBOM cabal loyal to the Servants of Satan. Its design purpose is to remotely send signals and control every element of the Internet of Thing network used by Serco on March 8th of last year. The QRS 11 Quartz rate sensor, the size of a quarter, is embedded in the uninterruptible autopilots of every FBW-FADEC airliner produced since 1995 and that includes Airbus (1989), Boeing (redact), Embraer and Sukhoi. That real shitty manufacturer north of the 49th parallel will no doubt wish they could Warren Buffett’s 9-billion-dollar investment meant to enable the real shitty manufacturer to compete with Sukhoi. Recall what FatBoy from Omaha did to Sukhoi on 9 May, 2012. The intelligent version of the sensor can be turned on remotely and bring down the plane safely at any airport worldwide with the PC navigation capability and 5000 feet of hard surface runway. You know, like FJDG, Diego Garcia, where Serco may have been involved on 8 March, 2014. In the late 1980’s and early 1990’s, Hillary Clinton’s Rose Law Firm in Little Rock, Arkansas was the original law firm representing the inventor of the QRS-11 sensor in BEI Electronics/Technologies (US Pat. Nos. 3,974,428; 3,976,997; 4,628,298). This sensor was so critical to national security that the State Department fined Boeing $16 million for illegal exports as was reported to FBI and FAA by you and your colleagues at 2159:10 on Sunday 10 December 2010 4 weeks before your CIVIL CASE 1:08-1600 (RMC) was dismissed in a FRAUD UPON THE COURT perpetrated by ALPA whose lead attorney was Suzanne Kalfus. After many mergers and company sales, the rights to the QRS-11 went to France for a decade owned by Schneider Electric SA. Schneider sold the rights to a Barclays Bank client in London. The Rose Law Partner who hired Hillary, J. Joseph Giroiri, served on the BEI Technologies board of directors. He also coordinated the Clinton’s China and Indonesia banking connections associated with their Mena, Arkansas drug smuggling, money laundering and sex trafficking operation endorsed by and protected by the male homosexual pedophile that killed his two Navy Avenger crewmates in WWII, President JFK in 1963, 258 fire fighters in 2012. Notice, for the record, no mention of GHWB or his cross-eyed CHILD LEFT BEHIND who fixed the Florida election and helped kill Colonel James E. Sabow on 22 January 1991. As a matter of security, I also wish to make it obvious I have not linked a homosexual Commandant of the Marine named Al Gray or a former assistant commandant named Davis, a goofy fucker Brigadier General named Wayne T. Adams of Sabow’s next door neighbor Colonel “Porky” Underwood. This will sound remotely familiar to many researchers / Patriots as well it should. It runs alongside with and in many cases, is part of another creepy item uncovered by your team, McConnell International some years ago. That is the BHUAP, Boeing Honeywell Uninterruptible Auto Pilot which your US Army Ranger Associate Agent TILLMAN discussed in a You Tube titled BOEING UNINTERRUPTIBLE AUTO PILOT. That item allows those with the correct controlling devices to basically remotely hijack or otherwise commandeering any Boeing aircraft with this type of autopilot installed (which to my recollection is nearly all Boeing’s minus a handful of archaic ones possibly still in service somehow horse shit operators in 3rd world countries such as Barry Soetoro’s birthplace. If that isn’t creepy enough, it gets even more creepy. This is where I had my Eureka moment and it was when General Malaise pointed out that an E3 AWACS Sentry aircraft was participating in Cobra Gold and Cope Tiger on the evening of 7 March and early morning of 8 March. The only AWACS I have found to have been in that area and at that time was YUKLA 27. It is forecast that these AWACS aircraft seemingly flying aimlessly along and around the Continental United States before large scale FALSE FLAGS are now capable of being tracked them effectively from a home computer or a 5G phone. It suddenly dawned on me as to what the original intent and purpose of the Q MINUS phenomenon is. Because of Q’s use of the Socratic Method Of teaching, it forced me to learn basic Aviation, flight radar operations, as well as a host of other items I had been an amateur enthusiast of, but never put in the required hours to even think to the depths of which would lead
me to the startling discovery of who actually ARE. The AWACs alone or in coordination with the RC135 and the controllers aboard those two aircraft types are able to detect any aircraft or

ship up to around 350 miles including low flying aircraft over any terrain. However, the other capability of the AWACS to be able to contact and control any FBW-FADEC aircraft as well. As General Malaise discussed in his 66 page document what was meant for good, AWACS and RC135 COMBAT SENT can take control of the BHUAP after it was converted by elements of the CBOM cabal of gay homos and carpet munchers to allow any NPR aircraft to be commandeered by any office or individual privy to the patents of the current permutation of the BUAP/BHUAP. Those patents were written in the US, issued in Canada but because Serco operates the USPTO for benefit of the Monarch of UK those patents are now loaded weapons to be used against anyone or any nation not in favor with the Goose Stepping Geriatric or her evil Prince Phartingham. Sorry for my need to answer a knock at the door. It is not a knocker I am familiar and you know how many knockers guys like us are familiar with, I will get back to you within the hour. Agent Sausa
Field realized that the lengthy communiqué had taken most of his prep time away from the radio show and, so he decided to get three more images for the radio show ad before going live at 1300 central, or 1900 GMT where numerous of the foreign based agents of MCCONNELL INTERNATIONAL were based to infiltrate and record various operations within Serco, BBC, BAE and Rolls Royce all of whom had played major roles in 9/11. For instance, the BBC Show BUGS whose Season 01 Episode 03 was called ALL UNDER CONTROL…. which was accurate even though it was not evident WHO was in control. God is and always has been in control even though pissants named Scherff and Rockefeller did not believe it to be true. Pisser for you PFers.

As Field signed into Skype and Livestream so he could conduct the radio show he hoped would be effective with the UK Team his cell phone went off with a call from the Southern Hemisphere. Because his broadcast partner Hamish was not yet on Skype he scanned the chat room list of chatters and saw that Afterburner, Denise C, Liv Pea, Doug McNichol and Vanishing Point were all in the chat room, so he was very pleased. His pleasure was short lived as his British Canadian friend with the cheesy drivel was skyping him to join the Live Stream show of 19 January 2015. Field saw the Skype connection was solid so he opened the show with his trademark opening “One Ringy Dingy, Two Ringy Dingy”.

“Hello your eminence”.

“Hello, your effluence, before I ask you what you want to talk about today, I have a question to ask of any residents of the UK that are in the chat room today. If you do not object, I’d like to ask them a question. Is that OK with you David, excuse me, I mean Hamish?”

“Field it is perfectly fine with me, I have to check some wiring on my computer any way. I am anxious to hear what you will ask of the Brits because as you’ll recall I am a Brit even though I hate the corruption that infests both the UK pedophile government and the even more pedophile government of British Columbia, Canada”. What kind of persons would make GLAMOUR BOY or Fidel Castro’s bastard the prime ministers of this frozen wasteland north of the 49th parallel?”
“Good afternoon to those of our faithful on both sides of Atlantic. I was just asked by UK Column and British Constitution Group if I would be willing to speak at a conference at Telford UK next month beginning 27 February in the year of Our Lord 2015. Do any agents in UK know the best way for me to get from London Heathrow Airport to the conference hotel in Telford? Hamish, over to you while await answers from the UK chatters.”

Field was looking for any anticipated responses from the chat room. Denise Clarke, Doug McNichol and Antony Holmewood all indicated that they would be willing to pick him up and drive him to Telford from the London Heathrow Airport on Friday the 27th of February. Field realized from the names that Denise was a female and Doug and Antony both were males, so he decided to select the female driver because he knew it would be more stimulating to any readers of his fiction which for a long time included his brother in law Eric Marcy, a notorious gay traitor and his beard, a lesbian with horrendously poor (redacted).

Hamish was droning on in the chat room, so Field went to check the email that had come in just moments ago. It came from an email address which was not Allison Bone and neither was the address that of Andrew
Peacock both of whom were associates of the Clinton Crime family during the attack of 9/11 where the jerk with Peyronie’s Disease, William Jefferson Rockefeller, was watching the attack on NYC and the Pentagon that his lesbian wife had participated in as is on file legally in both U S District Court, District of North Dakota where it was filed by himself on 27 February, 2007 and was titled “Civil Case 3:07-cv-24” which also was known as FIELD MCCONNELL vs ALPA AND BOEING. What Peyronia’s Breath and THUNDER THIGHS could never have anticipated back on 9-12-01 is how Field McConnell would participate in a MIGHTY WAY in keeping with his mandate spoken to him by General Hunter H. Harris USAF who on 14 February 1967 admonished him to never compromise his integrity if he graduated from Annapolis. Field graduated and from 14 February 1967 until Super Bowl Sunday 2018 would never have surrendered his integrity in keeping with the model set before him by Jesus, Glenn A. McConnell and a former Army Ranger who was born an orphan in Michigan and was now an ally at McConnell International. He does not wish to be remembered as Kraig Peterson so let us all agree out of court that he is an Agent named Agent TILLMAN in honor of Pat Tillman who was shot by an assassin on 6 April, 2004 while on patrol as Serial 2. His assassination was covered up by some West Point graduates and a vagina. Google: Cody + Abizaid + Petraeus + MARTIN DEMPSEY + McChrystal + Kensinger + VaGina Farrisee.

Field noticed Hamish was still rabbiting on so he checked his email and saw an incoming from UNKNOWN RIDER Andrew Rowles who claimed to be a person familiar with GE Jeffrey Immelt…..it read.

Dear Agent Chips, My name doesn’t matter but on 9/11 I was an employee of GE…General Electric and I wish to share this file with you…and the world. Please forward to Malaysia and to Joyce Riley who was once married to dipshit David von Kleist: Evidence of the Hijack of Malaysian Airways Flight MH370 using the Boeing-Honeywell Uninterruptable Autopilot Introduction The aim of this research document is to prove the technology, deployment and use of the Boeing Honeywell Uninterruptable Autopilot (BHUAP) in the hijacking of Malaysian Airlines Flight 370 in the early hours of March the 8th 2014, whilst en-route from Kuala Lumpur in Malaysia to Beijing, China. As Boeing has already admitted to such technology having been installed on its aircraft, this paper will investigate the B777 flight systems and the avionics technology supplied by Honeywell and related companies to expose the history of the BHUAP and how it operates. Using publicly available information, the argument will take five principal forms: Section 1 • Evidence by way of Media Reporting as to the existence and deployment of the Boeing Honeywell Uninterruptable Autopilot and the Boeing and Honeywell Antihijack Patents Section 2 • Black Text - Evidence by way of existing remote flight technology capable of the task, developed by Boeing, Honeywell and associated avionics and software companies • Blue Text - Evidence by way of patents filed and approved to accomplish the task by Boeing, Honeywell and associated patent holders • Red Text – Evidence by way of a combined analysis based on the patents and the as-installed technology aboard the B777-2H6ER with emphasis on how BHUAP works within these systems Section 3 • Evidence by way of analysis of the flight path and system disruption of the B777-2H6ER flight MH370 To open, Honeywell filed for a patent in 2002 US20030030581A1 (1) “Secure aircraft communications addressing and reporting system (ACARS)” - A method and apparatus that permit military aircraft operators to use the civilian Aircraft Addressing and Reporting System (ACARS) technology while ensuring data security. This invention relates to work done as part of the Dual Use Science and Technology program under US Air Force Research Laboratory Agreement No. F33615-01-21808. The patent goes on to say “With the increase in automation, airlines, military, and civil aviation organizations are relying on ACARS for air traffic and operational control. Unfortunately, automated information exchange between airborne and ground computers also increases the vulnerability of the system and may severely impact the safety of a flight or an air space.” “ACARS messages are transferred over open RF channels in human readable forms. Low cost, COTS equipment enables anyone to monitor and process ACARS messages. It is possible to determine aircraft type, condition, position, projected track, cargo content and operational details of the flight by analyzing ACARS messages. Aircraft operators would like to protect this information to maintain competitive
advantage, to ensure safety of flight and to reduce operational liability.” Andrew Rowles, former GE now working for Boeing AC.

Field felt he needed to share this intelligence in real time but due to MCCONNELL INTL protocols he handed it off to Agent MARCY at 1025 central as she was younger and more cautious and was one of only 3 entities who knew the real name of Agent ANDREW ROWLES. If anyone wishes to know the other two….GFL. As Hamish was still knee deep in a 37-minute run on sentence, Field turned back to his cell phone to get and update from Agent TAL in Israel.

“Field Agent TAL calling via Clipper Shofar. My husband WEBSTER wishes for you to know that the following file is in the receipt of both DIMONA and the WHITE HATS at Quantico as well as super sleuth Q MINUS: Clinton, specifically Hillary Clinton was originally, or at least early on in her career a Patent Attorney. Any Patent that can be weaponized goes to DARPA first. If DARPA finds a Military value to a Patent, DARPA gets it, and there’s nothing anyone can do about it. It becomes a crime for an applicant of a Patent to try to continue to work with anything DARPA deems it wants in the name of National Security. We think your associates Robert RAT Willard of TOP GUN and his mentor Captain Chic Burlingame, who was murdered by your sister Kristine Marcy, fully understood this on the morning of 9/11. Along with Hillary Clinton, other familiar names such as James Comey, Bob Mueller and others have all hailed from the same Rose Law Firm as FOUL BYR Clinton. George W. Bush was the “acting” President at the time of 9/11/01 even though his alleged DNA provider the gay pedo nazi in the wheel chair was in the White House on the evening before 9/11. It has been well established that the United States Government was made aware of an impending attack on US soil by several foreign spy services as well as US citizens such as the Plum City Prophet who later, may have imputed the 41 minute delay that caused Captain Jason Dahl’s UAL 93 to be too late. We are certain that David “Seven Hearts” Rockefeller and Zbigniew Berserski were the first two of the 17 names on the List of Adrian Messenger. According to your sister’s HARD DRIVE HARVEST of 2311 on the 14th of October 2008 the other 15 names include GHWB, Thunder Thighs, Queen Hornet (Kristine Marcy) and that short little motherfucker traitor LumpJaw whose father and grandfather were also short little motherfucker traitors. The motive and narrative for the attack has always been under scrutiny and has cost the United States trillions of dollars and thousands of soldiers lives the clear majority being ENLISTED such as Pat Tillman, Aaron Carson Vaughn and the one you saved Kraig Peterson aka Agent TILLMAN. Assuming all the above is true, then it is also likely true that on the morning of 9/11/01 and very likely months leading up to 9/11/01, the use of AWACS and the Combat Sent Aircraft were likely in service over CONUS routinely. The most likely airspace these aircraft would be in day in and day out would be those of New York, Washington, Atlanta, Los Angeles, Houston, Dallas,
Jacksonville, Offutt, Fargo, Plum City and possibly Dover, DE. Your evil sister, the hybrystophilia lesbian, was aware that you were monitoring both SES and Serco and being a dumb lesbian, she thought she’d hide. PEEK-A-BO! The AWACS would more than likely have been able to immediately detect the four hijacked aircraft on the morning of 9/11/01 and if the capabilities of the AWACS and the Combat Sent are accurate, then at worst, only the first hijacked aircraft would have reached its intended target. The other three would have simply been commandeered by the AWACS and forced to land by remote operations. It is our belief at Xray Alpha that your imputed delay accomplished that which the USAF and First AF should have accomplished if the Canadian pig fucker Charles HAM FISTED HELO PILOT was not corrupting things at Tyndall AFB where you shot down your 3rd drone in April of 1982 while flying 64-0972 “BERTHA” now at Fargo ND guarding the back gate to NDANG next to FCCU. Please excuse the break in COMM, I have to send a message to TAC HQ.”

Field understood that Agent TAL [Tel Aviv Lady?] needed to send a latrine-o-gram to evil Rothschilds so he listened to Hamish and realized that Hamish was busy exposing USPTO to a new audience and he saw that an incoming email from Vancouver’s Forensic Librarian, Marquis d’Cartier, was in queue. “In queue” is a European expression meaning “in line”. Like if proven guilty of Treason, Trump’s 4th Marine might direct members of CBOM cabal to get “in queue” to be administered by a firing squad.

Agent CHIPS USMC 0116513 ssn 583099001; I know you are shaking like a leaf so that is why I did not address this to your real name FIELD MCCONNELL, US fucking Marine with balls the size of watermelons. Interesting that George Bush Sr.’s Zapata Oil is reported to have bailed out John Hinckley Sr.’s Vanderbilt Energy (that "bought Bell Western Corp."). Did Bush hold an I.O.U. over Hinckley? It appears that Hinckley was fronting money-laundering and probably drugs-, arms-, and child-trafficking enterprises for Bush & the CIA. (Why did the Vanderbilt dynasty allow
Hinckley to use their name in business?) Interesting that just prior to Reagan being shot, Bush had left a ceremony at the Fort Worth Hyatt Regency, formerly the Hotel Texas where John Kennedy had stayed the night before his murder. Perhaps a coincidence of perhaps FIELD MCCONNELL is correct regarding Clint Murchison Senior and the property just 2 beers east of Athens TX. P.S. That "ice bullet" story is nonsense. Who comes up with such silly fictions? They are a disservice. A metal projectile, ostensibly a bullet flattened by a ricochet off the presidential limousine, was removed by surgeons from Reagan's chest (entry slit was under his left armpit). Surgeons reported that. Reagan wrote about that. Both stated that they saw a coin-shaped metal object, about the size of a dime or nickel. Was the metal projectile fired from above, though, as some have claimed? Possible. Reagan did have his left arm raised prior to being pushed into the limo.

Not to be Columbo-esque Field but I’d like to ask one more question... Marquis d’Cartier VBC

Field had just satisfied himself, in a way that cannot be shared, that Agent HAMISH was still delivering cheesy drivel when his email tone identified an incoming from one of the 137,511 agents of MCCONNELL INTERNATIONAL and he twigged on it as it was from a TRUSTED and NAMED agent. That being Agent Webster of BLOOD HOUND fame, capeche?

As Field waited for WEBSTER to answer his JASPAR Immediate phone call he pictured a yacht that once inhabited sea space in proximity to Wild Goose the former PT boat owned by JOHN WAYNE who was a fictional version of Agent CHIPS…. son of the mightiest one in the world. God.
“Agent WEBSTER here, code 0318”

“WEBSTER, Chips here, Agents TAL and DICE are listening. Please continue where Agent TAL left off due to her bathroom etiquette. I am all ears and will broadcast this at 1300 hours central on Saturday 27 January 2018 as both Cucumber Girl and Kristine Marcy are tardy, capecho?”

“Chips, copy TAL and DICE, …. This being the case, we know that didn’t happen. That leaves us with the reality of only two possibilities left; 1) There were no AWACS in service on 9/11/01, or 2) Those we’re not commercial aircraft that hit the World Trade Centers, Pentagon and Flight 93 that was destroyed by SMACSONI over the middle of Pennsylvania. Perhaps DARLEEN DRUYEN provided the E10 and a military 757 variant such as that used by the deranged Nancy Pelosi…there is a C32 missing just as in January 2018 there will be a missing Israeli Dolphin if any pigfuckers try to strike Hawaii and frame ROCKETMAN. If it was scenario 1, that would mean there was a significant breach of duty by the then President of the United States to protect Life and Liberty of its citizens as there were credible threats given to President Bush prior to the attacks on the evening of 9-10-2001 when the Nazi gay pedophile married to Aldous Huxley’s ugly daughter was infesting the White House. We know that a demand was made for nuclear codes and we also know that on 7 September 2001 you shared contents of File 1002 with FBI, FAA and Navy Intelligence including Chic Burlingame but not his supervisor Paul Knox. If it was scenario 2, then there would be a criminal act by the President at a minimum but likely the Secretary of Defense and other Cabinet members as it would have required a joint effort to perform such an assault utilizing military hardware as well as keeping all AWACS and Combat Sent Aircraft away from the target regions. I believe you exposed Ashcroft as being complicit as well as the Tarheel Carpet Maker. Both scenarios are equally disturbing but given what we now know, it is looking as if only one of those
two scenarios are the only possibility. Potential Candidate Donald Trump has made several veiled threats towards the Clintons, as well as George Bush in the past prior to his receiving your letter of 28 July, 2015. He is also aware of your suggestion that the "Russia Collusion" scenario is bullshit because of your communications with Trump, Putin and Agent Kim Chee of Urumqui China. Trump now knows the truth. He alluded to it several times during the run up to the elections. He has made comments regarding the truth about 9/11 more than once. We believe Trump may issue you both a Letter of Marque and Reprisal and an invitation to bring the $54 Trillion Qui Tam based on contents of your sister’s hard drive of 14 October 2008. OK enough from Agent WEBSTER.... I just got a FLASH FESTUS that he needs to address similar material. WEBSTER OUT.”

Field was amazed that Hamish was still talking so he checked for the incoming FLASH FESTUS but also saw he had missed an email from a DClarke14 from the MCCONNELL INTERNATIONAL OFFICE in Farnborough UK.

“Dear Captain McConnell, Hope I don’t interrupt your radio show, but I am the Denise C in that chatroom. If you’d like me to give you a ride to Telford so you can deliver your message to the Conference hosted by UK Column and the BCG I would be happy to do so. Please know that my email is hidden but in reality, it is dclarke41@hughes.net.uk and my cell phone in UK is 07986 2473xx. If we have time after the conference I’d love you to enjoy a pub lunch with me at the CROOKED BILLET in Hook UK. This is where the enemies of US do their evil. Please don’t share these details before 3 March 2015 as I have to share some information in a private, face to face, before your Operation WB scheduled for 15 April, 2015. You may doubt my offer but if you are willing to roll the dice I guarantee you a brilliant future and a soft landing, capeche? Denise C

Richie,

(1) The attached document, 66 pages of patents relating to BUAP, was in the hands of MAS and Malaysian government in May 2014. I had warned them on 30 March 2014, that if they didn't expose BUAP + ATI they should expect another explosive incident prior to 1900 on 17 July, 2014. MH17 was 1737 17 July 2014.

10 December, 2006 Gentlemen:
Re: Captain McConnell Says "Clear the Skies"
It has come to my attention over the last 96 hours that a QRS-11* GyroChip gyroscope with military applications exists. I understand that at least 96 passenger aircraft have been illegally modified with QRS-11 missile-guidance technology and at least 27 GyroChip-equipped flight boxes have been exported without licenses by Boeing without the knowledge or informed consent of airline companies, unions, or pilots.

Under the authority demanded of me on page 9.1.1. of the Flight Operations Manual, specifically bullet statement 4 "The Captain WILL make the FINAL decision as to whether the aircraft may be safely operated." I deem it impossible to comply with the requirement of 9.1.1. until any captain can know, without a doubt, that QRS-11 is not embedded on his jet.

In my experience, Northwest Airlines has always put safety first regardless of the costs. I suggest our company can address this issue and be the first airline in the world to be declared QRS-11 cleansed. The potential risk of not determining the existence, or lack thereof, of a threat may facilitate a second 9-11 style incident.

The body of evidence supporting my concern is established and vast. I assure you my interests are in keeping with the interests of NWA. I believe we can use this as a competitive advantage, however safety must come first. I am going to suggest that ALPA and IFALPA considering "standing down the fleets" until this possibility is resolved.

On 9-11 an order was given to "clear the skies".
I ask ALPA to consider issuing that order again within 72 hours if independent discovery cannot identify the threat.

With grave concern and an eagerness to help,

Field McConnell WMPFP

In what seemed like eternity, Field wondered to himself how long Hamish could rabbit on about dry content, but he realized that any **SHOWTIME** that Hamish used up allowed himself to attend to items that seemed more important. For instance, reading emails that were stacking up from the lady in England who would collect him at Heathrow 43 days later and give him a ride to the conference where both UK Column and British Constitution group would again welcome Field McConnell back to “gaye olde Englaende” not to suggest that Field was homophobic just because his sister and Hillary were lesbians lovers with repugnant (redacted). Field looked at his ten-dollar Walmart watch and saw there was about 11 minutes left in the radio show so he went to email and saw 5 more emails from the English lady who, having not seen a picture, he decided to picture as the English model Twiggy, who was one of his 3 English heart throbs from the 1960s. Field knew that for him to name the other two may invoke a trans-Atlantic cat fight involving Twiggy, Pet Clark and Marianne Faithful who wasn’t.

The next email he got from the lady in England who would act as his chauffeur to and from the BCG UK Column conference had just sent another brief message via email but not in chat at the world’s most dangerous chat room.

*Subject: Telford.*

*Hi Field*

*that got a touch confusing in the chatroom... right i live 160 miles from telford and i’m planning on attending the meeting for the weekend, my offer still stands of course about being you and David’s chauffeur? great show as always. Denise*
Field signaled that he would accept her offer to act a chauffeur and he hoped that this lady from England would not be equipped like the erect primate that many Americans believe had been accurately described by Joan Rivers just prior to Joan’s untimely demise engineered by Barry Soetoro of Punahou’s class of 1979 which obviously did not show much class by giving the gay male prostitute a high school diploma in the years before he arranged the deaths of his grandmother, Loretta Fuddy, Michael Hastings and the 38 men and a dog named Bart of Extortion 17.
To get the mental picture of a blonde model from the 60s equipped like Michael LaVaughn Robinson of Hull House fame out of his mind, Field thought back to more pleasant times like the 1960s when girls did not have kick stands. An image of a girl came from out of the blue, and that image of a girl caused him to wish to love some lady like that if only in his mind.

Field saw that his radio partner was ready to call it quits within a minute or two, so he made a mental note to tell this Brit chauffeur named Denise about those 38 men and a dog named Bart who were murdered on 6 August 2011 in Wardak Afghanistan. Notice, for the record, that the names Obama, Leon Panetta, MARTIN DEMPSEY, G87/Opie, Admiral McRaven and Thomas Rickard were not mentioned. Also, for the record note that the accessories after the fact in the assassination of Pat Tillman include 6 West Point traitors and a VaGina. Cody ’72, Abizaid ’73, Petraeus ’74, MARTIN DEMPSEY ’74, McChrystal ’76, Kensinger ’70 and VaGina Farrisee.

“Field, if you are finished we can sign off this show and I wish that I could travel with you to Telford next month. But because I need to stay near the Peace Arch Hospital where Bastard Barry was born on in August 1961 and also needing to care for Silas, I will suggest you met with either of two friends of mine in UK…Dirty Driveway from Richmond-on-Thames or the Telford Russian, perhaps from Jersey, who wishes to confer with you regarding the coded message you gave to the 19 Malaysians on 29 March, 2014. I will attach the material from Dirty Driveway to the next MOUND-o-gram I send to you. It is dry material, but it supports what you heard from General Malaise regarding BHUAP deployment dates.”

PFN/TRAC system™ FAA upgrades for accountable remote and robotics control to stop the unauthorized use of aircraft and to improve equipment management and public safety in transportation
US 20030093187 A1

Abstract

This invention, a Protected Primary Focal Node PFN is a Trusted Remote Activity Controller TRAC and mobile communication router platform that provides accountable remote and robotics control to transportation vehicles by interfacing with the vehicles E/E systems. It connects each vehicle either on the earth's surface or near the earth's surface with application specific intranets for air, sea and land travel, via either host commercial servers or agency providers through wireless communication gateways and then further interfaces these vehicles in a larger machine messaging matrix via wireless and IP protocols to further coordinate movement assess and manage equipment use and impact on the world resources, societies infrastructure and the environment. This filing focuses directly on PFN/TRAC System use to augment and upgrade public safety and security in the Airline Industry and restrict any unauthorized use of an aircraft. Additionally, this application and related filings teaches the PFN/TRAC System™ use for all vehicle platforms to increase safety and security in a free society like the United State of America. The other related filings instruct in the technology's use for robust and accountable remote control for personal applications, stationary equipment and standalone functions, and coordinates them and interfaces them within the communication matrix. The TRAC controller also performs translation and repeating functions across a wide variety of communication protocols to complete a more mobile flexible matrix or web. This connected communication matrix of computers and humans provides an enhanced Human Machine Interfacing HMI scenario both locally and systemically in real-time for improve equipment management and world stability.

As was his annoying habit Hamish disconnected before Field could say good-bye. Field left a google combo in the chat room and then signed of Livestream and the chat room. Having been aroused by the image of a girl, he went to You Tube to listen and dream of the image in his mind. For the first time in his
life at age 65 he envied a poodle but was busy creating the google combo that he sent to the 19 Malaysians on 29 March 2014. G: MH370 + BUAP + ATI + Second Explosive Event 1900

Taking another mental picture of the image of a girl, for some reason he thought back to another google combo from the MH370 event [ Serco SNATCHed MH370 At BITOD on Livestream ] realizing that at some point the Malaysians and Dutch may admit MH370 was vaporized on 17 July 2014 prior to 1900, as the WMPFP had predicted, in writing, on 29 March, 2014, capeche? Isn’t that PRECIOUS?

As Field harked back to GFAFB in Grand Forks North Dakota and a week spent there in February 1972, a song from long, long ago filled his senses. As tears began to well up in his hazel eyes, he got an incoming IMMEDIATE JASPAR saving him from another trip through self-pity-land a place where none of us feel welcome and none of us are intended to linger as it is a downward spiral with a predictable end. Ask the survivors of the Marine who took his own life in 1980 after penning the most beautiful song Johnny Rivers ever sang.

“Field McConnell speaking” he responded to the unknown rider calling his cell number 218 329 2993. It seemed like it must be a tele marketer as there was a delay which was interrupted as a big blue K3500 GMC pickup with a 454-engine parked between the Bakery known globally as Bittersweet Bakery and the Global HQ of McConnell International, the bank building at 401 Main Street in Plum City, Wisconsin 54761.

Field was annoyed but recognized the incoming IMMEDIATE JASPAR as being from Alaska where his grandfather Alexander Joseph McConnell made megabuck$ in the 1920s before he fell into a vat of molten metal and croaked going to Heaven or hell without a penny in his pocket. Pisser. There are no trailer hitches on hearses, capeche?

“Agent Chips, Agent RIPPLE CHIPS of the 49th state calling, I’m firstly sending you energy and prayers to succeed in your mission and hope that Denise joins you shortly, your connection and yearnings are soulful and manly, I applaud you. Secondly, I wanted to direct you to Anna's (Von Reitz) letter today.... the "shutdown" was a method to block Trumps Presidency from curing, 1 yr and 1 day.... let it sink. Tersely, Trumps tax bill supposed to have gone into effect Jan01, 2018 (depending on truth of prior thoughts) made it to where no one can be forced to pay Federal taxes on salaries or wages and makes it unenforceable*. Lastly this link did not work for me, just back in country so wanted to set up before travel again. I know that you, Agent Chips, exposed the IRS as a private corporation owned by NORTHERN TRUST which also owns the ABA ( pig fucker banker protecting attorneys ) but I cannot find your youtube with instructions of how to “revoke your election to voluntarily pay taxes” so if you are not Skyping your lovely bride please send me just the title of the You Tube with code 1-25-18-1515. Ripple

Field understood that RIPPLE CHIPS was a clairvoyant who also was prescient and heard the front door to 401 Main Street, Plum City, Wisconsin 54761 open and hoped it was not the faggy governor who liked Nazis and Koch-roaches coming in to expose his effeminate ass to the world’s most potent fighter pilot. His response to Ripple was laconic as he reached for his .357 Ruger with his shooting hand and pushed “send” with his other manual 5-digit appendage.

“To IRS: NOTICE AND DEMAND TO VALIDATE DEBT CLAIM - Field McConnell/1-25-18-1515.”

Turning to his left to visually acquire and target the person entering the world’s most dangerous radio studio Field was pleased to see it was a man named Sterling. Sterling McHogeny was a fellow Scot who was equipped with an adequate balance of Sword and Stones, such as were Glenn, Field and Cole McConnell not to be confused with Wichita’s McConnell brothers of WWII fame where Field took F16 lessons during the same month, February 1990, when Lyle Prouse, Bob Kirchner and some young dipshit from Memphis flew a B727 from Fargo to Minneapolis after pissing off the owner of Stenerson Lumber company of Moorhead Minnesota in February of 1990 because they, the three pilots, were shit-faced and saying the F word word a lot at the SPEAK EASY restaurant in Moorhead Minnesota. Was it Joe Balzer?
Field found himself training his Ruger Blackhawk .357 with no bullet in the chamber but five in the thing that rotates allowing bullets to load using a pawn and ratchet mechanism, is that called a cylinder? He lowered his Ruger .357 as he recognized Agent 94 entering with a copy of the PDF sent to Donald Trump, Ben Carson and General Joseph Dunford USMC on the 20th of September 2016 exposing misprision of treason by some legislators including 3 from Wisconsin as well as a judge from Hudson Wisconsin who is a pedophile according to Agent MONA INDIE.

“Field, don’t shoot me, I already have a migraine and I’d love relief but not out of your big, black, pointy thing that appears to be about 7 inches. Here are three copies of your PDF sent to Trump and the other Marines. If you wish for me to send it to Ellsworth Circuit Court and the OLR in Madison I can do it as soon as get back to the office. I had to come to Plum City to get a bag of donuts from Bittersweet Bakery and I thought I’d kill two birds with one stone not to be confused with you filling one bird with two stones. Oh, and by the way I copied your message to Governor Walker and Secretary of State of Wisconsin.”

Gentlemen:

We are aware of an ongoing Treason against the United States of America. It threatens members of the United States Military.

We are also aware that on 22 January 1991, Colonel James Sabow USMC, was murdered on orders of two politicians and one four star general.

As you three gentlemen anticipate your next position, I wish to be contacted by any one of you willing to participate in the remedy for the Treason and a serious investigation of the murder of Colonel Sabow. Further, it is wise to consider definition of item below.

18 U.S. Code § 2382 – Misprision of treason

*Whoever, owing allegiance to the United States and having knowledge of the commission of any treason against them, conceals and does not, as soon as may be, disclose and make known the same to the President or to some judge of the United States, or to the governor or to some judge or justice of a*
particular State, is guilty of misprision of treason and shall be fined under this title or imprisoned not more than seven years, or both.

PIERCE COUNTY, WISCONSIN, CIRUIT COURT IN THE STATE OF WISCONSIN, Pierce County Case No 15 FA 178  AFFIDAVIT OF TRUTH
Peg Feuerhelm, Clerk of County Court
Date: 20th Day of September, 2016

AFFIDAVIT I, Field McConnell, of Plum City, Wisconsin, MAKE OATH AND SAY THAT:

1. I am a Natural Person, not to be misconstrued as a Corporate Person as I previously reported in an Affidavit dated 23 August, 2016.

2. In January, 2015 my only sibling, Kristine Marcy, who has committed serial treasons against the United States of America and those treasons were reported by me, Field McConnell, to General Joseph Dunford, USMC, USAA and Donald Trump in August, 2015. I reported the Fraud and the Treasons to CEO and Legal Counsel of USAA in February 2015.

3. On 15 September 2016 the Wisconsin Department of Revenue perpetrated a Fraud upon one of my numerous accounts at USAA. I reported the Fraud and the Treasons to CEO and Legal Counsel of USAA.

4. Senators Charles Grassley of Iowa and Ron Johnson of Wisconsin were advised via hand delivered printed documents, as well as email reports to their Senate Whistleblower email addresses, on Thursday, 6 August 2015. This establishes my qualification as a Whistleblower.

5. Upon reporting the 15 September Fraud to USAA they demonstrated their lack of understanding of the significance of a GLOSSA name such as FIELD MCCONNELL, who I am not, as opposed to Field McConnell, who I am, a living man and native of Texas.

6. The Internal Revenue Service, a private corporation, had threatened to file a Lien on my property after I advised them on 22 May, 2015 that I elected to revoke my election. The IRS Corporation failed to comply
with the 30-day window to respond to me and has committed mail frauds by continuing to communicate with me though they have been served requisite documents relating to the revocation of my election.

7. I had informed Wisconsin Secretary of State, Department of Revenue, two U S Marshals in Wisconsin, the Sheriff of Pierce County, Wisconsin and the Pierce County Court, a private ‘for profit’ corporation that I am a claimant on SEC Tracer #2640220 and am a living man, not a corporation. The electronic proof of delivery tracking numbers are as follows: Wisconsin Secretary of State [ 2315 1470 0000 9074 5251 ], Wisconsin Department of Revenue [ 2315 1470 0000 9074 5237 ], Wisconsin U S Marshal Carr [ 2315 1470 0000 9074 5244 ], Wisconsin U S Marshall Neville [ 2315 1470 0000 9074 5220 ]. The notices were received and signed for on 24 November 2015.

8. In my notice to Pierce County Court, Pierce County Sheriff, Wisconsin Department of Revenue, Wisconsin Department of State and the Wisconsin U S Marshals I swore under oath that on 16 October, 2015 I became a Lien Claimant of SEC Tracer #2640220 which included some 44 pages including “This means, then, any & all A.B.A, I.B.A, and D.O.J executives, officers, directors, employees, agents, and contractors, are lawfully & “legally” prohibited from approaching, engaging, or contacting, any & all witnesses, informants, or crime victims, who, under “injurious presumptions” of being “lost at sea”, “left on the battlefield” or “dead estates” but who are, in fact, genuine Living beings, residents, and inhabitants of the Land, Territories, and/or Colonial Districts. This PROHIBITION exists until the terms & conditions of this Commercial Obligation Lien (Agriculture Lien), pursuant 15 USC, are satisfied in full.

9. That was, and this is, LAWFUL NOTICE TO ALL BAR REGISTRANTS.

10. On 24 November 2015 Wisconsin Secretary of State Douglas La Follette, Richard G. Chandler Secretary Wisconsin Department of Revenue, U S Marshals Dallas S. Neville and Kevin Carr, Pierce County Sheriff Nancy Hovde and numerous other officials were delivered copies of the 44 page International Commercial Lien which Rodli Law Firm has now been in violation of beginning 10 November, 2015.

11. The Rodli Law Firm knowingly created a Fraudulent Divorce filing and later a Fraudulent QDRO filing which has been delivered to my former employer, Delta Air Lines.

12. The QDRO resulting from Case 178 FA did not qualify under the Appendix D, Qualified Domestic Relations Order, Section 1, General Matters. Therefore, I, Field McConnell, OBJECTED on numerous grounds established in law.

13. GLOSSA name FIELD MCCONNELL does not exist and therefore the Case was improperly titled.

14. In an Affidavit received by Pierce County Court on 28 June, 2016 I advised the Court that I, field mcconnell, was dismissing Case 178 FA for reason of lack of jurisdiction and I set 19 July, 2016 as the day for any rebuttal by Pierce County Court or, according to Commercial Law, all statements in that Affidavit of 28 June, 2016 would become legal facts in Law. Any written rebuttals were to be submitted via Certified Mail addressed to “field mcconnell”, P O Box 9, Plum City WI 54761 and were to be legibly signed in “wet ink” by a responsible person who would then be considered in violation of SEC Tracer #2640220 which I had delivered to Pierce County Court and Rodli Law firm on 10 November 2015. No response was forthcoming so as of 19 July, 2016 this case was lawfully dismissed.

15. Under Equity Law multifarious final decrees are imperfect.

16. The final decree signed on 16 March, 2016 was never delivered to me nor did any court function advise me that it was finalized. On 1 August 2016 I appeared in the Clerk of Court Office and asked if the decree
had ever been finalized. I was given a copy of the errant Findings of Fact, Conclusions of Law and Judgement of Divorce dated 6-9-2016 which was never delivered to me. It is my opinion that the Conclusions of Law where based on Fraud committed by Plaintiff’s attorney.

17. I directed Delta Airlines Inc. to consider this QDRO as unqualified or, if they disagree, to comply with the lawful resolution of a contested QDRO.

18. I am now giving Notice and Demand to CEO and Legal Counsel of United Service Automobile Association that the Levy filed by State of Wisconsin (a private corporation franchise of the private corporation of The United States of America) is invalid and that the $38170.46 stolen from my Wealth Management Account ending in 5262 by a third-party corporation, National Financial Services LLC, must be returned to my possession.

19. Ignorance of the law regarding GLOSSA is no excuse for the frauds perpetrated by Wisconsin and Pierce County Law Firm Rodli, et. al. Notice to agent is notice to principal.

20. Any party requesting proof that FIELD MCCONNELL is a fraudulent spelling of a corporation and not the living man, Field McConnell, can send me Certified Mail addressed to: Field McConnell, P O Box 39, Plum City WI 54761.

21. I demand that Wisconsin, Pierce County and USAA cease and desist in knowingly confusing FIELD MCCONNELL with Field McConnell. SUBSCRIBED AND SWORN TO BEFORE ME, on the 20th day of September, 2016

Agent 94 handed Field the paperwork and as she turned to go Field heard a sound like someone stepping on a duck. Moments later evidence wafted over to him that indicated Agent 94 must have had some gas producing food for breakfast before the trip to Bittersweet Bakery and the world’s most dangerous private intelligence office at 401 Main Street, Plum City Wisconsin 54761. As he placed his long black pointy thing into its holster he got a call from Concord California. Knowing he only knew one man from that area code he picked it up expecting it to be a mess cook from the USS Kittyhawk CV63 and that man looked nothing at all like Dorie Miller of Athens Texas. He saw that the caller was an Agent LONGBASS so he thought fast, as fighter pilots do, as he answered the incoming call on his Clipper Squirt Gun.

“Field McConnell speaking on an Al Gore Clipper phone, go ahead if you are Agent LONGBASS from Concord, California.”
“Field, Forwarded to White House. Please pray for me and save some prayers for Trump because he’s been overwhelmed by people calling themselves friends! NOT! The Secret Society is flying too!

Belinda Stronach, MAGNA International has an L1011 that Clinton has used in the past to move funds from Allied Bank in Dublin. LONGBASS Concord, California. Gotta run, notice I haven’t identified Wilbur Ross or Dr. Ronny Jackson because Trump has not been elected yet in January 2015 but I have a premonition that Trump will win and THREE traitors will sneak into his tent. For precedence recall Midnight at the Oasis, The List of Adrian Messenger and Liberty Valance. Play all of those songs before the Super Bowl in 2018. In my dream/premonition Trump would be removed in Switzerland after Khazar Ketchup King disses him re the Palestinian issue.”

Field thought hard regarding upcoming Operation SPRAY BOTTLE and the meaning of keyword DAFFODIL. Field knew that Operation SPRAY BOTTLE was a contingent plan for some date in early 2018 and was like the War Plan Red which was a contingent plan for a war to be fought with the United Kingdom if they refused to take their Jesuit German Cabalist hands off the Republic of the United States. He went back to read the SMEAC for Operation SPRAY BOTTLE so he could review the meaning of the trigger word DAFFODIL. Meanwhile, up north the 49th eavesdropping was continuing by the three headed monster: MI6, Tomoye and NSA. Chips recalled that the prick running Tomoye had once been involved with eco-bananas and wondered if Barry Soetoro, Punahou ’79, had ever inserted an eco-banana. He mentally googled [ Obama + chorizo + Benghazi + reggie + cornhole ] which answer the question.

Meanwhile, up in the other UK colony north of the 49th parallel the bass thump of a dance tune, HAT’S OFF TO LARRY by Del Shannon pounds through La Société, a restaurant owned by Toronto nightclub king Charles Khabouth, who in a flourish of kitsch has recreated a 19th century Paris bistro, complete with stained glass ceiling, dark wood, white tile floors and art nouveau décor, in a 1960s poured concrete building
with hidden fish eye cameras and microphone under every table in the joint. Two women confer in a corner booth. The younger is Holly Fennell, a naturopathic doctor with a thriving practice in the tony confines of Toronto’s old-money enclave, Rosedale. Beside her sits Beverley Hammond, a longtime marketing guru. Both sparkle in white. A third woman arrives, a blonde dressed in black whom Canadians know well: Belinda Stronach. According to a tape recording that would be lost by OPP and NSA the three ladies talked about how a billionaire Jewish couple involved in helping the Clinton Foundation with the Haiti HAARP QUAKE triggered by a U-2 tail number 80-1076 would at some point become a liability to Obama, the Clinton Foundation, the Bush Crime Family and Leanora Guarria’s lesbian lover with poor hygiene. The team listening at Gatineau, was interrupted as a more pressing conversation was being listened to at their twin sister office at N 11600 W, Saratoga Springs, UT 84045. Rapidly MI6, NSA and Tomoye analysts were searching all data bases for this combination of terms: chocolate eco bananas + gatineau + radarsat + Eric Sauve + Tomoye and the cyber spies were intrigued by one google result in particular:

“....former Vancouver coroner, a Haitian voodoo priest and a million Tomoye anarchists used RADARSAT out of Richmond British Columbia or Gatineau Quebec, to track bodies into secure waste-disposal sites such ...... apparently treasonous acts of Bruce McConnell, Webster Hubbell and John Podesta”

After speaking with the Milwaukee FBI they linked the quoted item as FRICTION written by the agency in Plum City Wisconsin that linked Hillary Clinton and Kristine Marcy to pedogate and pizzagate as was sworn to in Circuit Court in Ellsworth, Pierce County on 21 August, 2014, reported to Senator Ron Johnson of Wisconsin and Senator Chuck Grassley of Iowa and spoken about in public at the AV8 conference on 20 May, 2017 by the Global Operations Director of Abel Danger. The You Tube of the AV7 conference in 2016 is titled: AV7 - Field McConnell - Hillary Clinton's connection to 9/11... revealed!
The AV8 disc will be available on YouTube in March, 2018 after current Abel Danger Operation SPRAY BOTTLE concludes with the removal of paedophiles in US government made possible by Agents of a private intel agency in a town of 600 or so people. Good people.

Getting back to where does all the intel come from one should check a Bible for the words written in Daniel 2:21-22 and Jeremiah 33:3. God uses trustworthy believers he predestined and foreknew to appear to be the TOWN CRYERS ministering to a confused and oppressed world. But be of good cheer, God has overcome the world just as Trump and his 4th Marine have overcome the paedophiles in (redact).

3 ‘Call to me and I will answer you and tell you great and unsearchable things you do not know.’

Field was distracted by an incoming email from the lady in the chat room who had offered to drive him from London Heathrow to Telford on 27 February, 2015: From: Denise Clarke <denisec65@ad.co.uk> To: Field Mcconnell <fieldmcc@yahoo.com> Sent: Monday, 2015 4:00 PM Subject: saxophone rental?

http://www.uksaxhire.co.uk/ let me know what you want ordered and i will do it tomorrow morning, if you wish? i have the hotel address and i’ll just put it in your name?

Field was wondering if Brian Gerrish and Robert Green would be attending with their instruments. Field was not one to blow his own horn or his own Tenor Sax for that matter. He was a devotee to Safe Sax. After the long radio show Field felt a little sleepy and thought that perhaps if he read some dry material it
may put him to sleep so he brought up an email he’d recently received, and he began to read so as to induce a nap, which in UK is referred to a kip or a lie down. He found a representative email from a Wisconsin person who had relocated to Alaska.

Field, please don’t plagiarize like you frequently do but your question to “what does it mean?” It means we have been defrauded by international banking cartels operating “governmental services corporations” as if these entities were our lawful government. It means that the Holy See and the British Monarch have acted in secretive Breach of Trust and Dishonor and have undermined our rightful government since 1845. It means that we have caught the rats red-handed, proved the facts, and demanded remedy.

FRANCISCUS, the dba name of the Pope, issued his Motu Proprio and made the members of the Bar Associations responsible for their errors and omissions. This effectively washed his hands of the criminality of the Bar Members and the continuing assaults upon us by the British Crown and ended their privateer licenses and other protections that had been extended to them in Breach of Trust.
So far, so good.

However, there has been no action to dismantle the mechanisms of the fraud that has been practiced against the living people. Every day, babies are born in hospitals and are “registered” as chattel belonging to privately owned and operated corporations masquerading as our government. These corporations patent and trademark our bodies and our names and create “citizens” for themselves that they ultimately control as slaves. This practice of “enslavement by proxy” is no less repugnant than physical enslavement and it has the same results.

They have accomplished this by obtaining undisclosed contracts under conditions of coercion and misrepresentation and by blatant fraud upon the probate courts and falsification of the civil records. They have had each one of us declared “legally dead”— “Missing, presumed lost at sea”—and have seized upon our estates as presumed secondary beneficiaries. This legal chicanery has been assisted and expedited by a few evil politicians who literally conspired to sell their countrymen into slavery for profit.

They seize upon our property by presuming that it is “abandoned”. This is what has happened to every so-called “mortgage payment” you have ever made. It has been seized by the banks as abandoned property belonging to your own estate. They take title to our land, homes, businesses, and other private property and public property interests under color of law. They disguise installment leases as “land sales”. They disguise repurchase agreements as “loans”. They disguise “security notes” as “promissory notes”. And they steal us blind, taking their pay out of our treasury and otherwise using and abusing our own assets to do it.

Just as they have seized upon our private property via a process of fraud and deceit, they have attempted to seize upon our entire nation and claim that it is “abandoned property”.

To understand how this works you have to understand the first frauds committed against us, for it is in the beginning that we most clearly see the ends.

1. March 27, 1861, the actual elected Congress ceases to function.

2. Lincoln creates a corporation doing business as “The United States of America” and uses what is left of the Congress as a Board of Directors.

3. This “Corporate Congress” changes the meaning of the word “person” to mean “corporation” for their own private in-house corporate purposes. (37th Congress, Second Session, Chapter 49, Section 68).
4. The Corporate Congress changes the meaning of more words—according to them, the meaning of the words “state”, “State” and “United States” all magically mean “the territories and the District of Columbia” (13 Stat. 223, 306, ch. 173, sec. 182, June 30, 1864.)

5. These “special definitions” adopted by “a” Congress operating a private, for-profit corporation doing business as “The United States of America” then secretly allowed the rats to “presume” that anyone who used the common meaning of these words and admitted to living in a “state” or the “United States” was submitting to be considered and treated as a “citizen” of the District of Columbia, instead. In their secretly altered lexicon, “United States Citizen = District of Columbia Citizen”

6. And as anyone reading The Constitution can see, this meant submitting to the rule of “Congress” which was given plenary control of the District of Columbia. Via the use of semantic deceit a small group of venal criminals “redefined” our Republic as a plenary oligarchy run by none other than themselves. They also endeavored to redefine all the freeborn Americans as slaves belonging to the District of Columbia. Never mind that the “Congress” engaging in this fraud and merely pretending to be the lawfully elected Congress had absolutely no public office and no delegated authority.

7. What happened with all this fraud by a hundred years later? The Congressional Record, June 13, 1967, pp. 15641-15646 – “A ‘citizen of the United States is a civilly dead entity operating as a co-trustee and co-beneficiary of the PCT, the private constructive, cestui que trust of US Inc. under the 14th Amendment, which upholds the debt of the USA and US Inc. in Section 4.”

Now, put all this together in one big Ball of Wax, and what do you get?

The Bar Association Members employed by the District of Columbia Municipal Corporation have been “presuming” that you are “civilly dead” because you have been falsely reported as “missing, presumed dead” on the records of their probate courts. While they have been busily and secretly “presuming” this, they have also been “presuming” that you died intestate (without a Will) and that the local District of Columbia Municipal Corporation franchise doing business as (for example) the STATE OF OKLAHOMA, is the beneficiary of all your property.

How’s that for a fraud racket? How’s that for conflict of interest?

But they didn’t stop there. They also presume that the still living man is a “co-trustee” and “co-beneficiary” of his own estate trust. How can that be? Obviously, he can’t be the trustee AND the beneficiary of his own estate at the same time, because the two roles are mutually exclusive.

So they send out a false summons to you as the “presumed” co-trustee of the JOHN QUINCY ADAMS estate trust, and you, ignorantly assuming that this is your name and that this mail is addressed to you, show up in answer to their “summons”—and they trick you into playing the role of trustee, while they suck up the beneficiary slot and milk your estate.

That is what these demons in suits have been playing at all these years. They charge your estate millions of dollars for every “felony” charge they utter and nearly as much for every “misdemeanor”. Then for good measure, they throw you in jail and make the taxpayers pay a hundred times more than any real cost for the “service” of incarcerating you—and profiting off your labor in “prison industries”. They bilk billions of dollars out of the public treasury and out of your private “abandoned” estates every year, while parading around the town as members of “elite” society. No doubt the word “elite” has also been redefined by these maggots to mean “common criminal”.

There is no doubt now that this system is what it is, nor is there any doubt that it must end, but before we leave this subject, please note, that they haven’t been content with defrauding, press-ganging, enslaving,
and taxing you under false pretenses, oh, no, they finally maxed out your credit cards which they stole along
with your identity as a living breathing man.

So the Big Game has been afoot: do the same thing we did to each one of the people to the entire nation.
How do we do that?

November 7, 2007 the rats in Washington, DC running the “United States, Inc.” bankrupted it for the third
and final time. They handed it over to the UN to act as bankruptcy trustee and nobody named a successor
to The Constitution contract.

That left the “Federal” side of the Constitution contract flapping in the wind, and the United Nations Trust
Committee — North America overseeing our National Trust assets, and no other entity named to provide
the nineteen enumerated services that the British-controlled Federal United States is supposed to provide.

Nice.

Last week, the infernal bastards filed a claim on abandonment against our entire nation, claiming that we
no longer exist as a sovereign nation because we haven’t been heard from in 150 years. They further
claimed that we are no longer a sovereign nation because we (allegedly) don’t have a national currency in
circulation. We had to file a Declaration of Joint Sovereignty and two new sets of Sovereign Letters Patent
to rebut their unending “presumptions” before the UN Trust Committee- North America and the UN
Security Council.

The fact is that we are sovereigns in joint tenancy; if we don’t attend to our business in a hundred years,
it’s still our business. If we don’t call a Continental Convention in 200 years, that’s our business, too. And
we are not obligated to have a national currency in circulation—even though we do.

It’s the same schtick they are trying to pull only on a much larger scale— claiming that our whole nation
is effectively “missing, presumed lost” and that our estate is “abandoned” ready for the taking by
secondary beneficiaries and creditors.

That’s what the banks and their buddies the lawyers and their flunkies the politicians you elected in good
faith had planned for you.

That’s what Wells Fargo Bank— which is not a bank—it’s a “securities investment corporation” using
the trademarked name “Wells Fargo Bank” to pretend that its a bank—has been trying to promote this past
week. And no wonder. It is partially owned and operated by the “US Attorney General”.

And now, let’s make it Perfectly Clear— General Dunsford, you are responsible for providing for the
security of the American People. You receive your paycheck directly or indirectly from funds and credit
obtained from us—even if it is now in the hands of pirates and brigands and those who have colluded with
them as false trustees. These evil men and women would like to start a Civil War in America, because they
make their money off of conflict.

In preparation for trying to incite an uprising among the peaceful American people these criminals have
armed corporate subcontractors that are operating under names designed to make people assume they are
lawful units of government— BATF, FEMA, IRS, DHS, FBI, CIA, local “Sheriffs” who are nothing but
shills working in private corporate offices, not Sheriffs occupying public offices on the land at all — and
have armed these private commercial mercenaries with billions of rounds of ammunition and tactical
weapons. For what purpose?
So that the secondary creditors of a bankruptcy that we were never legitimately any part of—international banking cartels and foreign investors—can come in here and loot and pillage America with the assistance of commercial mercenaries bought and paid for with illegal taxes extorted from Americans by criminals pretending to be our lawful government.

This circumstance and the UN’s role in it is now well-known on a worldwide basis and is well-documented and proven beyond any reasonable doubt.

What are we going to do about it? For starters, we notified the UN Trustees that we are very much alive and in charge of our own affairs and that we have been victims of crime and misrepresentation. We are not “U.S. Citizens” of any kind according to their definitions—nor ours. We are Americans. We, and our property assets both public and private, have been entrapped in the private corporate bankruptcies of these bank owned and operated “governmental services corporations” without our knowledge or consent, and we object to any presumption that we are now or ever were civilly dead, incompetent, bankrupt, or otherwise dependent on these villainous fictitious entities.

Field was briefly awakened as an incoming email regarding Fukushima made that ding sound on his computer. He started some sleep inducing music by the Scandinavian guitarist who recorded “While You Were Sleeping” As he was going to put his computer to sleep he wondered if he would ever be seeing the Malaysian Persuasion again and he wondered if he would be able to Honor his Mother and Father in a way that would please both his parents and His God. He closed his eyes, thought of his parents and his father’s B24 named TROUBLEMAKER and smiled knowing that he was living up to the McConnell name and the Gaelic crest that had “Son of the mightiest in the world” He fell asleep again feeling he was doing his best to honor the McConnell Crest and His saviour’s request that Field would be remembered as a good servant if he would EXPOSE EVIL.

Deep in REM sleep and dreaming of his father’s B24 and an enlisted gunner named Randy Jones and the image of a girl, Field’s dream abruptly changed from World War II to a dream involving DAFFODILS and the underwater explosion of an Israeli submarine. As terrified as his dreaming self was, he was even more terrified to awaken to what sounded like a Canadian 4 engine turbo prop crashing into down town Plum City, population 600. Thinking his death may be eminent his conscious thoughts returned to his wife Denise Irene Clarke McConnell, her parents and his own hoping that if he were to pass away, he would have honored his own parents as well as honouring hers.
As he stumbled to the green door of 401 Main Street a series of three aftershocks.............erupted, caused him to stumble and strike his head on the object near the door requiring a yellow key which made him miss an incoming from Agent VOLUNTEER in Martinsburg, WV where he had an interesting
conversation with Danny Casolaro on the evening that he transferred his file on PROMIS/Inslaw to an Abel Danger agent with humongous testicles.

Bill of Accounting of a Trust(s) and/or Estate(s)

Under, and out of, the authority of absolute necessity.

Notice to agent is Notice to principal, Notice to principal is Notice to agent.

I, Field McConnell, am the Real-Party-in-Interest, Holder-in-Due-Course, Secured Party, Grantor, Bailor, Administrator, Creditor, Custodian and Beneficiary to, and for, all alleged political and other power(s) administered by legitimate and lawful governments constructed and effectuated by real-men Living Souls including, but not limited to, service and goods providers in the nature of government, trusts, systems, networks, regimes, hierarchies, and any and all other limits and constructs of any nature, kind and construction. I knowingly, willingly, intelligently, and intentionally cancel, void and correct all presumptions and assumptions to the contrary.

I, Field McConnell, being of plenary, capacity, character, condition, status, standing and responsibility, Beneficiary in fact, Heir of the Creator, under full liability and complete transparency, do by these Presents, effectuate and sue out this Bill of Accounting of a Trust(s) and/or Estate(s) filed into Original Jurisdiction, Original Venue and Original Law Form for an absolute accounting, audit, discharging, payment, settling, closing, dissolving, transferring, and/or reconciling of any and all matters relating to, pertaining to, relevant to, and/or emanating from the following, to wit:

My cestui que vie trust(s) and/or estate(s), to which I am the Beneficiary and Administrator, and any and all other trusts and constructs of any nature, shape, cause, kind, form and format, to which I am the Beneficiary and Administrator, and any and all variations and combinations of all the aforementioned, without limitation, which are referenced by various identifiers, abbreviations, numbers and their combinations, letters and their combinations, derivatives, idem sonans, res identifier or any equivalent of the aforementioned and/or other legal, financial and managerial forms and formats of any nature, shape, cause, kind, and any and all variations and combinations of the aforementioned, without limitation, and are
most often referred to as FIELD MCCONNELL, and any and all derivatives thereof, and/or 583-09-9001 and any and all derivatives thereof.

The aforementioned trust(s), estate(s) and other assets may include, but are not limited to, all legal, lawful, commercial and/or other debt or equity security(ies) in any form or format, credit and debit account(s) and balance(s), beneficial interest both divided and undivided, debentures, accounts, pledges, covenants, contracts, signatures, hypothecations, property(ies) inclusive of all chattels, secured account(s), mirrored account(s) and/or the like and equivalent, and any and all other legal, lawful, spiritual, equitable and other interest, title, ownership and/or share, as Heir and Beneficiary, in all things and matters relating to, pertaining to, relevant to and/or emanating therefrom, and any and all variations and combinations of all of the aforementioned, without limitation.

All real-men Living Souls and fictional entities, including but not limited to, purported government(s) of any nature, shape, cause, kind, form and format, and/or parent holding, subsidiaries, franchises, associates, affiliates, agents, assigns, successors, principals, or other partnerships of any nature, shape, cause, kind, form and format, and their departments, and their offices, employees, contractors, licensees thereto, or an agent thereof, known and unknown, domestic and/or foreign, of any nature, shape, cause, kind form and format, and any and all variations and combinations of all the aforementioned, without limitation, are mere trustees and/or fiduciaries when purporting to be in “public service” or affiliated in any way, shape, form and format, at any time and any place, and/or as soon as an Oath or Affirmation is taken and/or subscribed, and/or a single penny is taken for consideration and compensation thereof.

As my duly perfected and absolutely secured interest, title and share in the Creator’s Creation, whether actual, constructive and/or implied, is at jeopardy, risk and being harmed, unlawfully being utilized in military, corporate, commercial, ecclesiastical, social, political, civil and/or other scheme(s) to operate and maintain a slavery system, for private and limited benefit, of and by real-man Living Souls and their created fictional entities, all self-proclaiming to be “looking out for my best interest”, but as a matter of fact, matter of truth and matter of law, by every action and inaction, the same being detrimental and disadvantages to both my assets and myself; Irreparable harm and injury of every nature, shape, cause, kind, form and format has, and is being, attempted and/or accomplished.

Remedy Relief

The Remedy and Relief required in this urgent, private matter, and hereby sought and demanded as a matter of right, privilege and Law is an audit, accounting, reconciliation, dissolving, transfer, discharging, payment, settlement, and/or closure of the following, without limitation to wit:

Office of Inspector General FCC:

I want to file a complaint against all of the National News Networks for Fraudulently televising FAKE News regarding the Sandy Hook School Shooting on Dec 14, 2012.

This event was impossible because I have the records of the News media and Government officials staying at the Wyndam Hotel in Southbury, CT arrives on Dec 12, 2012 before the main event on Dec 14, 2012.

Now records do not lie unless you want them to lie.

You are the office that **We The People** are supposed to Trust. Right?

So I am asking as a former Florida State Trooper and US Customs agent that you investigate the complete Fraud by our own government since it Inflicted Emotional Distress upon millions and millions of innocent Americans for NO reason whatsoever.

The entire hotel was sold out for over a week and like I said it only took me four years to finally get these records which they did not want to release as most know.

The Hotel knows what damage this information now can have on those who committed this Government Fraud on all the American People except Field McConnell and Abel Danger.

They exploited minor children day in and day out in this Fraud for money and maybe even using them for sex?

Let's see if you and your office have the courage on behalf of all Americans to investigate this huge Government Fraud? If you don’t, Abel Danger will and, in fact, has.
